Suggestions_Faculty 2021-22
Teachers less time to conduct academic.
Lack availability of some reference book.
Placement is most important part of any colleges, please focus on it ??
1.The time given in syllabus is not matching with actual time duration given by university. 2. Needs to input more industry oriented content in curriculum.
Need to give more teaching time in University academic calendar to cover complete syllabus.
As considering PCI curriculum there is need to increase text books. The Pharmacognosy course should be introduce in FY rather SY. SY and TY pharmacognosy need proper bifurgation for better understanding of core subject which ultimately increase better research projects in herbals. PCI can give industrial touch to Pharmacognosy subject by introduction of Natural/Herbal Drug Technology like subjects in Final Year.
Very nice infrastructure
Need more time for academics
Need content beyond syllabus lectures as well as smart board
